LETCHER COUNTY AND WHITESBURG.

What is Happening in this Rich Coal Territory of Kentucky.

Whitesburg, Ky., Nov. 3.—Reports from all the different voting precincts in Letcher county are to the effect that the bond issue is receiving but little attention, and that it will be hopelessly defeated by a large majority. For some time it has been seen that the issue would be a failure, but little effort was made to carry the question successfully through.

A \$75,000 road bond issue was the question. Most of the country precincts will "snow under" the question, while it is expected to carry by small majorities in the Whitesburg, Jenkins, McRoberts and Fleming districts.

Word from the most of the voting precincts in Letcher county is to the effect that an unusually small vote is being polled—the smallest in several years. There will be a falling off of both political parties, it is believed. Very little interest is manifested, although the Republicans made an effort several days ago to get out the full vote. It is believed that Langley and Hatcher for Congress will run pretty close.

The Commercial Club banquet fostered by Attorney H. M. Denton, secretary of the club, held in the parlors of the Whitesburg hotel Saturday night, Oct. 21, in which were present a large number of the best business men in Eastern Kentucky, was an elaborate and well-arranged affair—an event long to be remembered by those present. Manager G. M. Gillette of the Consolidated Coal Co., Jenkins; Dr. W. L. Gambill, Jenkins; W. E. Williams, Jackson; R. T. Cole, Fleming; Edwin P. Morrow, Somerset; D. D. Fields, this city, were the leading speakers, all making interesting talks along co-operation and "pull together" lines, all tending toward the up-building and the further development—the well being—of the mountains, the glorious hill country. Mr. Williams spoke largely on "Commercial and Banking Interests of Eastern Kentucky." He said: "We must lay a foundation for our future posterity. Prepare for the day that is coming when our mines and forests will be

IS YOUR BLOOD RICH?
Poor Blood
is the indirect cause of much winter sickness—it allows chills, invites colds and sickness.

NOTHING BUT SCOTT'S EMULSION CHARGES SUMMER BLOOD WITH WINTER RICHNESS AND INCREASES THE RED CORPUSCLES.

Its Cod Liver Oil warms the body, fortifies the lungs, and alleviates rheumatic tendencies.

YOUR DRUGGIST HAS IT. SHUN SUBSTITUTES.

Mr. Twigg, would you permit me to say that I shall wear a white shirt—ahem! I am not wearing one of the eastern stripes of development his company (The Elk Hill Mining Corporation) has made in the building of their trip of cities, Fleming, Haymond and Hemphill, in this county. His talk was interesting from first to last.

As a result of the meeting and banquet great good will result, and other meetings will be held, bringing the different business interests together for mutual good.

Deputy U. S. Marshal G. A. Sizemore, of Hyden, Leslie county, came here this week, having in custody two moonshiners, Andy Shepherd and F. H. Smith, Perry county moonshiners and bootleggers and the officers of the company's plant in Jenkins, this county, about two years ago and immediately entered suit. It was fought along until the last term of court when it was tried out resulting in a verdict for \$5000.

A few days ago Stephen Cornett, aged 22, son of W. M. Cornett, of Dry Fork, below here, was seriously injured at Kona, a new mining town in the coal fields. Cornett was struck by a coal car coming down an incline and was badly injured about the back and hips. He was formerly a deputy sheriff of the county and well known.

The Court of Appeals, a few days ago affirmed the decision of the Letcher Circuit Court in the damage suit of Henry Bishop against the Pine Mountain Manufacturing Co. for \$5000 damages, as awarded in the Circuit Court here. Bishop lost an arm at the company's plant in Jenkins, this county, about two years ago and immediately entered suit. It was fought along until the last term of court when it was tried out resulting in a verdict for \$5000.

Rush work characterizes the construction of the narrow gauge lumber road for the Day Bros. Lumber & Coal Co. from a point near Roxana on the main line of the L. & E. up Kings creek, about six miles, where the company owns a large area of fine timber, consisting of perhaps the best boundary of oak and poplar in the mountains. A large number of men are at work on the grade and the work will be rushed as rapidly as possible. It is expected that within three or four months the road will be completed and in operation.

Commonwealth's Attorney R. Monroe Fields returned here from Pikeville where he has been for some time in attendance upon the Pike Circuit Court. The grand jury is making a most thorough and systematic investigation into the vote traffic of Pike county, which body is returning a large number of indictments. It is said the investigation will be continued until every evil along the line will be thoroughly probed.

It is said here today that several new cases of smallpox have developed in the vicinity of Hemphill, in the Boone's Fork coal fields and that the officials will take the matter in hand to prevent any further spread of the disease.

YOU'RE BILIOUS AND COSTIVE!—CASCARETS
To-night! Clean your bowels and end Headaches, Colds, Sour Stomach.

Get a 10-cent box now.

Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sends out poisons like garbage in a swift current. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling cool for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

PIKE COUNTY NEWS

RETURNS FROM PIKE COUNTY.

An old time demonstration greeted Congressman-elect John W. Langley upon his arrival here from his campaign tour Tuesday night. A great throng met the train and the Pikeville band played amidst a din of cheers, and despite a deeply seated cold the Congressman acknowledged his appreciation in warm terms.

Out of 27 precincts in Pike county returns from 22 precincts at Wednesday morning reported the following vote:

For the Senatorial long term, Beckham 2124, Wilson 2628, Vance 27, Short term, Camden 24, Bullitt 2626, Nicholas 27, For Congress, Hatcher 2123, Langley 2721. The other five precincts are expected to add greatly to the Republican majority.

Incomplete returns received here from Letcher county report a general Republican majority of 740 votes.

BULL ATTACKED MAN.

Robt. Hyton, a farmer living at Lookout and relative of J. M. Bowling and Wm. L. Bowling, of Pikeville, narrowly escaped death by being attacked by a bull at his home last Sunday morning.

A drove of cattle was left on his farm to a cattle merchant the day before and Hyton entered the barn yard to feed them when the animal attacked him. Fortunately the bull had no horns and this saved him from certain death. The exertions of several of his neighbors was required to beat the animal off, but before he was rescued several ribs had been broken and he was otherwise badly bruised up. His injuries were so nearly fatal that his life now hangs in the balance.

HELLIER REVIVAL CLOSES.

A great revival recently held at the Methodist church at Hellier under the direction of Rev. S. A. Steele of West Union, Ohio, and Rev. Wade Rows, the pastor, has just closed after a splendid success. This meeting resulted in 32 conversions and ten additions to the church.

MRS. THOS. I. REYNOLDS.

Mrs. T. I. Reynolds died at her home at Coal Run last Monday morning after an illness of several months. Mrs. Reynolds was attacked by typhoid fever quite a while ago, and from this partly but never completely recovered. The lingering effects of the fever are responsible for her death.

The funeral and interment took place at the Coal Run cemetery Wednesday morning, and several Pikeville relatives attended. Rev. M. C. Reynolds, brother of the deceased husband, preached the funeral sermon.

CUPID IN PIKE.

The following marriage permits were issued from the office of the clerk of the Pike County Court during the past week:

Stephen J. Caudill, the 21-year-old son of J. D. Caudill, merchant of Pikeville, to Miss Sara L. Fife, 19. They were married at Pikeville Oct. 28th.

Geo. Bagdasarian to Miss Laura Goff, of Sutton, Ky.

C. L. Stepp to Miss Emma M. Fields, of Jenkins.

Clay Farley, to Miss Bertha Harris, of Mouth Card.

John Compton, to Mrs. Vergie Mullins, of Belcher Siding.

BOOTLEGGING COMPLAINT PROVES BOOMERANG.

Complaints made by citizens of Mingo county, W. Va., against alleged bootlegging operations of lawless Pike county people have resulted in the indictment of three liquor dealers of West Virginia on investigation before the grand jury.

The complaint in question was of official character, and was embodied in a letter written six weeks ago to Circuit Judge J. M. Roberson here by Probation Officer Fred O. Blue, of Charleston, W. Va., and it was not made upon information gathered through official channels, but "upon complaint of citizens of Mingo county."

Upon receipt of this information Judge Roberson presented the facts to the grand jury then beginning its probe into charges of election bribery, and strongly instructed them to return true bills against all persons found guilty of having liquor stored within

the bounds of this county under the protection of a federal license, which resulted in the indictment of R. W. Buskirk, Jeff Hatfield and a negro helper named Shorty.

It is alleged that before the state of West Virginia went dry these men who formerly owned and operated saloons at Matewan, W. Va., removed their entire stock of goods across the Tag river into Pike county, and stored their intoxicants to await developments favorable to the sale of it in Kentucky. The plan to secure a wet foothold in this state was to secure a division of Pike county, splitting it lengthwise and establishing a county seat at the mouth of Pond creek, near Williamson, W. Va., the Mingo county seat, and then declare the precinct wet by virtue of an election held twelve years ago.

The prohibition element of Pike county claims that this election was void because the entire county is dry under a decree of the Legislature known as the Hilliard act.

A special term of the Pike Circuit Court will be convened early in December to try these and other indictments.

GRAND JURY ADJOURNS IN MIST OF BIG PROBE.

After more than a month's work on the sensational probe into charges of election bribery in Pike county, in which more than one thousand indictments were returned, the grand jury adjourned here last Saturday and dispersed to their various homes in the county to spend the election week on Monday, Nov. 9, the jury will reconvene for ten days more of work on this and other investigations now pending.

This has been the longest and most substantial session of the grand jury held in Pike county in years, and its results have been more comprehensive and far-reaching than any previous term. The present investigation into charges of vote selling in this county is the greatest ever undertaken in Kentucky, and may result in many indictments.

HEALTH CAMPAIGN CHANGED.

The campaign for better health conditions which Dr. M. W. Steele and corps of assistants of Bowling Green has been conducting in Pike county during the past few weeks, has met with considerable success throughout the county, but the result so far has not been quite as good as expected, owing to the fact that the people in those interested in this great special has been so faithfully working have not responded with their good will as readily as he had expected.

Dr. Steele is not touring the other side of Pike county as he had originally intended to do. He has been to his home in Bowling Green Monday and Tuesday of this week, and returned here Tuesday night to resume the work. He will tour the eastern half of the county later, establishing headquarters at Stone, Ky., on Pond creek, as it has been found impracticable to attempt it from here.

The people are urged to attend and show that they have some interest in their own welfare. Hookworm, to provide a cure for which Rockefeller has spent so much money, has a stronger hold upon Pike county than the people think, and it is to provide this cure free of charge to the people of Pike county, and to help them rid themselves completely of typhoid fever that Dr. Steele has spent much of his valuable time among us. It is therefore the duty of our people to see that his efforts shall not fail.

DELIGHTFULLY ENTERTAINED.
In honor of the evangelist Rood Shaw, of the Christian Church, who has been conducting a series of evangelistic meetings in the court room at Pikeville during the past two weeks, James Benfro entertained the following clerical friends to a five o'clock dinner at the home of Mrs. W. O. H. Hatfield on Main street last Sunday afternoon: Rev. Shaw, L. N. Fanning, of the M. E. Church South; Revs. Daniels, of the Christian Church, and Daves, of the Baptist Church, also Mr. C. M. Jackson, Evangelist Shaw and Mr. Benfro were born and reared in Henry county, Ky., and have been lifelong friends.

John Keathley and family have moved into the home formerly occupied by James Scott, the groceryman, on Kentucky avenue. Mr. Keathley recently purchased this property.

Mrs. T. H. Haman and two infant daughters have been the guests of friends at Jenkins for several days of this week.

Mrs. A. F. Childress is spending the week with relatives at Hellier.

Dr. J. W. Stephenson paid a brief professional call to Pikeville Wednesday.

Mrs. Chas. R. Fuller and two infant children, of Stanton, Va., are the guests of Judge and Mrs. J. M. Roberson at Pikeville for a few weeks.

Word reaching here from the John Hopkins hospital in Baltimore, where Morell Morris, of this city, is being treated for an attack of blindness, states that he is greatly improved, and that in a short time he will be able to return home with his eyesight partially restored.

A gang of negro bricklayers from Lexington arrived here last Monday to work on the new school building. Considerable hard feeling exists between the Lexington sub-contractor and white bricklayers of Pikeville, as the latter consider that they were justly entitled to the work.

THE GRIDIRON.
The Pikeville football team last Saturday came down on the Louisa aggregation "like the wolf on the fold." Their "cohorts" were not "sleazeballs with silver and gold," but they didn't leave a crease spot of Louisiand. Score 6 to 0.

The Louisa team will go to Pikeville Saturday for a return game.

BROKE A RIB.
Mr. Augustus Snyder is confined to the house, the result of a broken rib. He received the injury while trying to move from the front to the back seat of an automobile while it was running. With two of his brothers Mr. Snyder was going to see their mother, who lives on Grassy Ridge, O.

CELEBRATORS COMMIT DEPREDATIONS.

Halloween 1914 at Pikeville brought a recurrence of unwarranted damages inflicted on the same occasion in 1913, only on a larger scale. An unfeeling populace awoke last Sunday morning to find the city in a topsy-turvy condition from end to end, and most of the work of the nocturnal marauders was actual damage to property instead of innocent amusement, strongly suggesting malicious mischief.

In many places wagons and other debris had been converted into barriers across the streets, and Division avenue, near the Public Square, looked very much as if the German army had passed through. A saw mill smoke stack taken from the Call Street Hardware store was placed across the avenue, and piles of barbed wire, burned stoves, window weights, twisted signs, and other iron furnishings were strewn promiscuously so as to form a complete barrier to all traffic, and in this condition the avenue remained until Monday morning.

Fines were imposed by the Police Court Monday upon a number who confessed to having taken a hand in the mischief.

FARMERS' INSTITUTE.

The State Agricultural School under the direction of Commissioner of Agriculture J. W. Newman, of Frankfort, will hold its annual institute at Pikeville Monday and Tuesday of next week, and every farmer of the county who can attend should not fail to do so. This is of vital importance to the agricultural interests of Pike county, and the state is spending a large amount of money each year to show the farmers of every county the scientific methods of producing more and better agricultural products by better farming. Every well informed farmer knows the value of these institutes, and what they mean toward the improvement of a farming community. It is therefore the duty of every man who tills the soil to hear what Commissioner Newman has to say to the people through his lecturers, and so everybody should attend.

Come to Pikeville and bring your families next Monday and Tuesday. The lectures will be free.

LOCAL AND PERSONAL.

The annual oyster supper intended to have been given at the Presbyterian Church last Friday evening was not held on account of inclement weather. The ladies of the church have announced that the supper will be given this Friday evening, and all are invited to attend.

A parade in which the students of all the Sunday schools of Pikeville joined marched through the streets of the city led by the Pikeville Concert Band last Thursday evening. At 2 o'clock the paraders passed into the spacious Circuit Court room, followed by a throng, where they heard the evening session of the great revivalist, Rood Shaw.

John Gregory, who has been down with typhoid fever for several weeks, is now rapidly recovering.

Dr. J. P. Whitehead, president of Pikeville College, returned last week from a business visit to Pennsylvania.

J. K. Williams spent last Saturday and Sunday with his daughter, Mrs. J. F. Justice, at Jenkins.

Miss J. W. Corbitt, of Lookout, was here stopping at the Big Sandy hotel last Friday.

Ed Wiseman, formerly of this city, but now located in business at Wayland, the industrial city on Beaver Creek, spent several days of last week and this in Pikeville.

Helen, the 5-year-old daughter of former Mayor D. T. Keel, has been a victim of diphtheria, but is now well again.

E. P. Smith and A. H. Conley, of Paintsville, have been in this city on business for several days.

Judge and Mrs. D. J. Wheeler, of Paintsville, were the guests of Mr. and Mrs. R. H. Cooper, on Elm avenue, for several days recently.

T. M. Petty has just completed a new blacksmith shop at the eastern end of the Pikeville bridge.

The case of Lockhart vs. Billeter, involving the question of the ownership of a hog, was settled here in Circuit Court last week after it had been standing upon continuances for two years. The costs in this case will amount to about \$300. Lockhart won.

Tom Williams has moved with his family to the W. D. Syok residence on Ohio creek.

John Keathley and family have moved into the home formerly occupied by James Scott, the groceryman, on Kentucky avenue. Mr. Keathley recently purchased this property.

Mrs. T. H. Haman and two infant daughters have been the guests of friends at Jenkins for several days of this week.

PE-RU-NA LAXATIVE- TONIC

"I was taken with a severe headache and cold, which finally brought on constipation and bowel trouble. Physics of all kinds were used, and we were obliged to resort to the fountain syringe for help. I could drink castor oil like water, but it did no good. Salts were of no use. The doctors were puzzled. After using three bottles of Peruna I consider myself entirely well." Mr. John B. Capers, No. 610 Pecan St., Fort Worth, Texas.

SICK, SOUR STOMACH, INDIGESTION OR GAS

"Pape's Diapiesin" makes upset stomachs feel fine in five minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt, if sour, gassy and upset, and what you just ate has fermented into stubborn lumps, head dizziness and aches, belch gases and acids and eructate undigested food, breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion, if your food is a damage instead of a joy, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.
